MOSSBERG RIFLE SIGHTS

The Models listed below have the receiver drilled and tapped to take either the No. S331 or the new No. S330 Receiver Sight, which are very desirable for target shooting. The barrel also has a standard dove-tail slot in front to take the new No. S320 Ramp Front Sight which has a combination bead and aperture insert. These sights can be purchased separately and are easily attached.

Anniversary Model
To celebrate a half century of American gun making, this superb Pigeon Grade slide action repeating shotgun, the Mossberg Model 500AA, with gold inlay roll-engraved receiver and selected hand checkered walnut is a fitting symbol of our progress over the years. Furnished in 12 gauge only in Trap, Skeet, and Field styles all with MOSSBERG ventilated rib and also with MOSSBERG C-Lect-Choke. See pages 6 and 7 for details. Production limited.
1919-1969
50
ANNIVERSARY

January 1, 1969

Dear Friends,

In 1919, after a quarter century of gun designing and gunmaking for others, Oscar F. Mossberg produced the first firearms to bear his name. For the past 50 years, the philosophy of "More Gun for the Money" has been our family's by-word.

Millions of sporting rifles and shotguns marked "MOSSBERG" are in the hands of American shooters. Many a man proudly says today "My first gun was a Mossberg" when buying a first gun for his son or daughter.

We have, over the years, maintained our reputation for good guns and intend to maintain our quality at a price within the reach of all for the future. We, being the third generation at Mossberg to operate the plant, are proud of the Mossberg brand, as few manufacturing concerns continue to operate independently in present days.

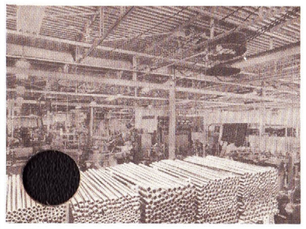
This has come about through the loyal cooperation of our employees and the patronage of a vast army of American and Canadian sportsmen, not to over look our over-seas customers, for which we are grateful.

New models are the life-blood of the arms industry. In recent years, several outstanding new models have been introduced, notably our Model 800 and Model 500. Our 50th Anniversary model is the 12 gauge, slide action repeater, Model 500AA, described in this catalog. We hope you will look for it at your dealer's.

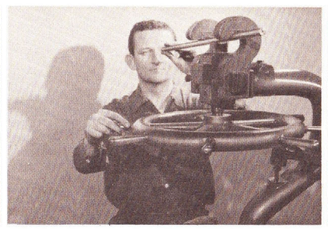
Cordially yours,

O. F. MOSSBERG & SONS, INC.

Alan I. Mossberg
President



Drilled barrels ready for reaming and many other operations



Each barrel is hand-straightened for acccracy by skilled craftsmen

12, 16, 20 gauge
and 410 bore

Super Grade

The eye of the experienced shotgunner immediately recognizes a self-pointer in the Model 500 line with MOSSBERG Ventilated Rib, a truly Super Grade shotgun to shoot in the best of company.

Model 500AA 50th Anniversary Pigeon Grade.
In celebration of our fiftieth year, we are offering a limited number of a deluxe Pigeon Grade version of our Mossberg model 500. Available in 12 gauge only, in Trap, Skeet, and Field styles. Featuring gold inlay, roll-engraved receiver and selected, hand checkered American Walnut. Barrels have red bead front and middle sights and are available in all standard lengths and borings. The off-side of the receiver has our "50th Anniversary" emblem engraved in gold. The pistol grip cap has the "50th Anniversary" vignette in gold. A truly superb tribute to our fifty years of progress.

Model 500ATR 12 Gauge Pigeon Grade Trap Gun
With increased interest in the all-age sport of trap shooting, the demand for a good quality, moderately priced shotgun designed especially for trapshooting has mushroomed!

Selected genuine American Walnut, Monte Carlo style with custom checkering on pistol grip and forend; Mossberg recoil pad. Trap gun dimensions are: length of pull 14½″, drop at Monte Carlo 1½″, drop at heel 2″, pitch down 1″. Thirty inch full choke barrel with Mossberg ventilated rib with red bead front and middle sights. Like all Mossberg 500's, barrels are interchangeable so that while this is a trap gun in all respects, it is also versatile.

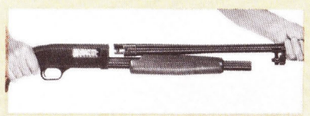
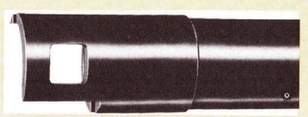
CHANGE BARRELS IN SECONDS

Open action about 1″, then loosen knurled take-down screw with fingers. Easy. Quick.

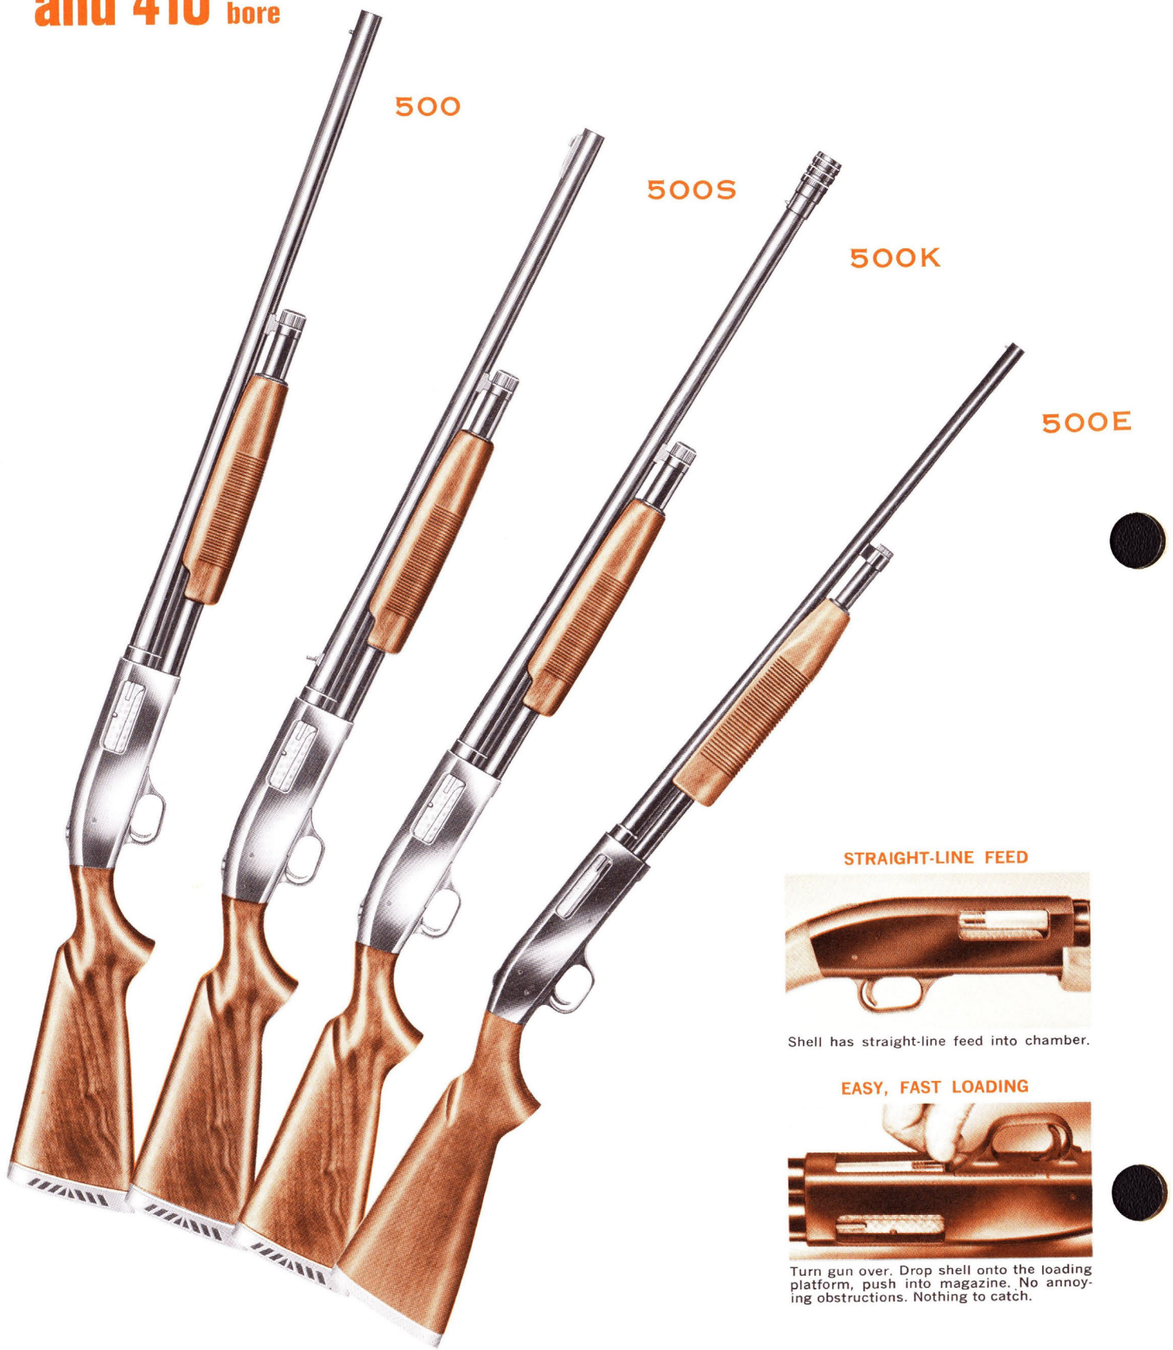


Lift out barrel. Replace with desired barrel and fasten take-down screw.



Breech end of barrel shows hardened steel slot into which steel bolt locks.

MODEL 500
12, 16, 20 gauge
and 410 bore



STRAIGHT-LINE FEED

Shell has straight-line feed into chamber.

EASY, FAST LOADING

Turn gun over. Drop shell onto the loading platform, push into magazine. No annoying obstructions. Nothing to catch.

Field Grade

Barrels: All Model 500 barrels are selected gun-quality steel machined from the solid bar and proof tested. Beautiful, deep gun-blue finish. Barrels include 12 gauge MAGNUM BARREL with 3″ chamber . . . SLUGSTER BARREL to give excellent accuracy with rifled slugs for deer and other big game . . . C-LECT-CHOKE BARRELS with exclusive Mossberg adjustable choke, factory-made and factory-fitted. Stock: Genuine American Walnut, with fluted comb and pistol grip Length 14″ with 1½″ drop at comb and 2½″ at heel. Cushion recoil pad and white liner. Beavertail forearm grooved for nonslip grip, super grade checkered as shown on next page. Action: Smooth design with straight-line feed. Receivers of special, light-weight, high-tensile alloy forging. Holds six regular or five 3″ Magnum shells.

Positive safety on top —right under the thumb. Disconnecting trigger requires complete release of trigger between shots, thus avoiding inadvertent "doubles". Bolt locks into barrel; bolt and carrier have simulated "Damascened" finish. Action must be locked before the gun can fire. Extra large double extractors for positive ejection; double shell releases assure smooth feeding into carrier and chamber. Action disassembles easily without special tools. Length: With 24″ barrel, 43¼″ over-all. With 26″ barrel, 45¼″ over-all. With 28″ barrel, 47¼″. With 30″ barrel, 49¼″. Weight Standard models — 12 gauge about 6¾ lbs., 16 gauge about 6½ lbs., and 20 gauge about 6 lbs., 410 bore about 5¾ lbs., 12-gauge Magnum model about 8 lbs. Weights vary slightly due to barrel length or density of walnut. Wood plug in magazine to conform to 3-shot migratory game law . . . easily removed.

Model 800

800D

800M

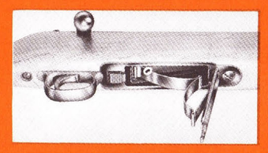
Greatest all-around rifle for any North American Game

Model 800D SUPER GRADE

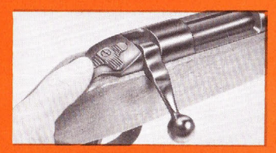
The super grade version of the Model 800, Model 800AD .308 cal., 800BD .243 cal., and 800CD .22/250 cal. A superb big game rifle stocked and finished to meet the approval of the most fastidious and experienced big game hunters and riflemen. The genuine American walnut stock with Monte Carlo rollover comb and cheek piece, fitted with rosewood forend tip and pistol grip cap matches in quality the fit and finish of the metal work. The barrels on this model are specially polished and finished with a deep gun blue for lasting beauty. The bolt is hand Damascened for good looks and smooth action. Weight: About 6¾ lbs. Length: 42″ Over-all.

Model 800M MANNLICHER STYLE

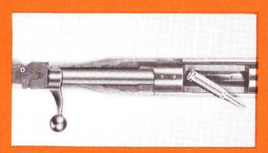
The newest Mossberg Center Fire rifle, made with one piece Mannlicher style stock. Bolt handle of unique design. This short rifle will appeal to the experienced big game hunter as an Eastern woods rifle or Western saddle arm — points fast like a well balanced shotgun. Model 800AM .308 cal., 800BM .243 cal. and 800CM .22/250 cal. Barrel is 20 inches. Weight: About 6½ lbs. Length: 40″ Over-all.



Hinged floor plate opens with button release for quick unloading.



Safety on top—right under your thumb. Convenient with scope-mounted rifles for either right or left hand shooters.



Safe unloading of live cartridge from chamber—with safety "on."

For the game shot who prides himself on his hunting ability and one shot success from a cold barrel — with a magazine back-up, the Model 800 is truly the rifleman-hunter's rifle.

Model 800

800

800V

800SM

It is the old guides' adage "you carry 'em more than you shoot 'em". This 6½ pound, fast handling powerhouse meets the requirements of both the woods and plains rifleman-hunter.

Model 800 Bolt Action Center-Fire Rifle.
Model 800A .308 cal., 800B .243 cal., and 800C .22/250 cal. Contoured bolt handle for sure grip and short bolt throw for fast, accurate shooting. Six locking lugs on bolt and recessed head for extra strength. Specially designed short trigger take-up for safety with crisp let-off. Positive Safety on Top — Right Under Your Thumb". A 5-shot rifle . . . 4 cartridge magazine, plus one in chamber. (Except for 22/250 cal. rifles which have 3 cartridge magazine.) Cocks on opening of bolt. Easily loaded for single-shot use. Heavy spring magazine with staggered feed for sure, smooth operation. Hinged floor plate for quick, safe unloading, with safety on. Bolt is Damascened for good looks and smooth action. Receiver made of special alloy steel, heat treated and blued for long-lasting finish. Drilled and tapped for scope mounts and peep sights.

Barrel: Length, Models 800, 800SM, 800D 22 inches, Model 800V 24 inches, Model 800M 20 inches, crowned at muzzle. AC-KRO-GRUV 8 groove rifling. Special analysis chromemoly gun quality steel blued to match receiver. Proof-tested and targeted at the factory. Sights: Gold bead front sight on ramp. Folding leaf adjustable rear sight. Stock: Genuine American walnut with Monte Carlo and cheek piece, ideal for low mounted scope. 1" sling swivels. Custom-checkered at grip and forend. Drop at comb 1⅞", at Monte Carlo 1⅝", at heel 2⅛". Attractive white liners at butt plate and capped pistol grip. Length of pull 14". Pitch down 2⅝". Weight: About 6½ lbs. Length: 42" over-all.

Model 800V Varmint/Target Rifle.
For the long range varmint or target shooter. The model 800V, Model 800BV .243 cal. and 800CV .22/250 cal., when fitted with telescope or target sights, becomes the last word in rifles of this category. The Model 800V is in all respects similar to the standard Model 800 plus heavy straight tapered 24 inch barrel — no sights. Long range accuracy is assured. The combination of the Marksman style stock, low vibration barrel and crisp let-off trigger with solid bolting, guarantees top performance. Weight: About 9½ lbs Length: 44" over-all.

Model 800SM Scoped Rifle.
A scope equipped rifle ready to shoot. Model 800ASM .308 cal., 800BSM .243 cal., and 800CSM .22/250 cal. These rifles with Mossberg Model 84 4x scope mounted are targeted in our range using all bullet weights and brands of factory loaded cartridges. The Model 800SM is in all particulars similar to the standard Model 800 furnished without sights. The barrels of these three scope equipped models are given an extra high gloss polish and deep gun blue. On special order the Model 800SM can be equipped with any of our other Mossberg riflescopes available in 2.5x, 6x, 8x and 3x-9x variable power. Weight: With 4x scope about 7½ lbs. Length: 42" over-all.

To the rifle shooter who takes pleasure in owning rifles of distinctive choracter, MOSSBERG offers two outstanding Center Fire models. These are the Model 800 DeLuxe and the Model 800 Mannlicher styles. Both have all the modern design features of the original Model 800 plus the special features illustrated and described on these pages. The Model 800D is truly a deluxe rifle. The Model 800M has a genuine full length — not pieced — selected walnut stock.

Same as 340B, except it is a single shot model with "drop in" loading platform and automatic safety. The safety goes "ON" when action is open. Won't fire until action is locked and safety moved to "OFF" position.

BOLT-ACTION SHOTGUNS
12, 16, 20 gauge
410 bore

C-LECT-CHOKE®

Mossberg's C-LECT-CHOKE was the first adjustable choke installed on shotguns as standard equipment. Each C-LECT-CHOKE is factory installed and individually fitted on each gun by experienced craftsmen to assure correct performance at all settings. Ideally adapted for use with regular shot, buckshot, or rifled slugs.

Visually marked for Full Choke, Modified Choke and Improved Cylinder Bore and points in between. Settings are clear and positive.

Bolt Action Shot Guns

The most popular bolt action shotguns are those made by Mossberg, in 12, 16 and 20 gauge and 410 bore. Individually proof tested in our factory and chambered for all standard and magnum factory loads. A modern streamline designed self-cocking action with **positive safety on top — right under your thumb.** The design and dimensions of these guns make them ideal for fast shooting. All Mossberg shotguns shoot rifled slugs accurately for deer or other big game.

Model 395K 12 gauge with Mossberg C-LECT-CHOKE.
With the 3″ Magnum shells and number 2 shot this becomes a great goose gun. Barrel: Tapered, blued steel, 28″ including C-LECT-CHOKE. Chambered for 3″ Magnum as well as 2¾″ factory loaded shells. Stock: Walnut finish, modern Monte Carlo design, pistol grip, cushion rubber recoil pad with white liner. Action: Double locking lugs for added strength. Quick removable bolt with double extractors. Detachable clip magazine. Magazine holds two shells, plus one in chamber. Sights: Grooved rear sight for accurate alignment. Shotgun bead front. Weight: About 6¾ lbs. Length: Over-all 47½″.

Model 385K 20 gauge with Mossberg C-LECT-CHOKE.
Identical to Model 395K except that it is a 20 gauge shotgun with 26″ barrel, including C-LECT-CHOKE. Chambered for 3″ Magnum as well as 2¾″ factory loaded shells. Weight: About 6¼ lbs. Length: Over-all 45½″.

Model 390K 16 gauge with Mossberg C-LECT-CHOKE.
Identical to Model 395K except that it is a 16 gauge shotgun chambered for all factory loaded 2¾″ shells, regular or magnum.

Model 395S 12 gauge with Mossberg Slugster barrel.
A new addition to the Mossberg line, for those who want a knock-down deer and bear gun. Same specifications as Model 395K, but equipped with 24″ Slugster® barrel with sights for running shots. Front sight is Partridge type on ramp and rear sight is adjustable folding leaf. Gun is equipped with web sling.

Model 183D 410 bore with detachable choke tubes.
Detachable Full and Modified choke tubes, plus smooth bolt action, nice lines and excellent balance, make this model one of the most popular of all Mossberg shotguns. Barrel: 24″ tapered, blued steel. Chambered for all 2½″ and 3″ factory-loaded shells. Stock: Walnut finish. Monte Carlo design. Molded trigger guard with finger grooves. Butt plate with white liner. Action: Self-cocking on upstroke of lever, easy and fast operating. Convenient, fast thumb-operated safety with red and green buttons inlaid in stock as well as red safety indicator in striker. Quick-removable bolt — no tools required. Double extractors. Fixed-type top-loading magazine holds two shells, with one in chamber. Weight: About 5½ lbs. Length: Over-all 43½″.

Model 183K 410 bore with Mossberg C-LECT-CHOKE.
The only 410 bore shotgun that gives you the advantage of finger-operated adjustable choke. Barrel: Tapered, blued steel, 25″ including C-LECT-CHOKE. Chambered for all 2½″ and 3″ factory-loaded shells. Stock: Walnut finish Monte Carlo design. Molded trigger guard with finger grooves. Butt plate with white liner. Convenient thumb-operated safety with red and green buttons inlaid in stock. Action: Fixed-type top-loading magazine holds two shells, plus one in chamber. Weight: About 5½ lbs.

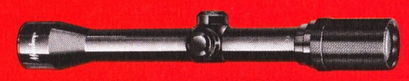
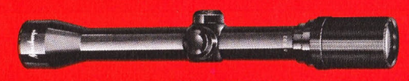
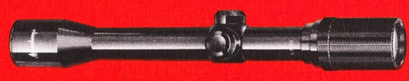
MODEL 82 2.5X-32MM 1″



MODEL 84 4X-32MM 1″



MODEL 86 6X-32MM 1″



MODEL 88 8X-32MM 1″

MODEL 83/9 3X-9X-32MM 1″

The boat designer's version of the exciting sports boat that has caught the imagination of the world's sailing set, both novice and expert. Fun for the entire family, yet responsive and lively enough for the most discriminating expert. The contour twin hull design with fast planing stern produces remarkable performance as well as stability. Leave the others behind with the fastest sailing rig on the water today. The lofty high carry sail on our specially designed Tri-Spar rig gives phenomenal windward ability with the fastest potential speed of any sport boat, even on those glassy sailing days. The slightest bit of air can be caught and used with this full size sail. And don't worry about being cramped on a small slick deck either. The Mallard's extra large flat deck with "Non-Skid" tread pattern keeps you aboard.

A true centerboard; not a dagger board! Self pivoting centerboard and rudder permit easy grounding without fear of breakage or damage to hull.

Stop in at your MALLARD dealer today and see for yourself or write us direct for descriptive literature.
